Software Architect	████████
Development Manager	████

EXPERIENCE

Feb 2021 – Present
Freelance
.NET Developer/ Consultant
Various assignments in the pharma and retail industries, consumer-facing app development, and government platforms.

Mar 2020 – Feb 2021
Full-time
Principal .NET Developer   **Suvoda**
Product development for the next generation multi-tenant modular platform for clinical trials and related enterprise software.

Nov 2018 – Mar 2020
Full-time
Senior .NET Developer   **Zone**
Backend development of post-purchase and support features for the Electrolux site shared by multiple brands and markets.

Nov 2016 – Nov 2018
Full-time
Senior .NET Developer   **Treptio**
Lead contributor developing an accounting system for a school platform used by private schools in the US. I worked closely with the product owners to understand and model business needs.

Sep 2016 – Nov 2016
Full-time
.NET Developer   **Ubisoft Romania**
On-site consulting developing mainly on the .NET stack and AngularJS, contributing to new and existing internal applications used by 12 thousand employees worldwide.

Jul 2012 – Sep 2015
Full-time
.NET Developer   **OSF Global Services**
Contributed to various web applications working mostly with service oriented architectures on the .NET stack.

EDUCATION

2012 – 2014
Master's Degree, Computer Science   **University of Piteşti**
Advanced Techniques for Information Processing (courses in English): enterprise software engineering, distributed systems, computer networks, security, artificial intelligence, bioinformatics, mathematical modelling.

2009 – 2012
Bachelor's Degree, Computer Science   **University of Piteşti**
Studied object oriented programming, design patterns, software engineering concepts, lots of theoretical computer science and math, and learned Java and C#. Improved databases knowledge, particularly Microsoft SQL Server and Oracle.

2005 – 2009
High School Diploma, Mathematics and Computer Science   **"Ion C. Brătianu" National College**
Studied algorithms, data structures, procedural programming, and some theoretical computer science like graphs and trees. Also learned C++.

LANGUAGES

Romanian - native
English - proficient
Spanish - limited

RECOMMENDATIONS

Razvan is good at understanding client needs and providing creative solutions. I worked with Razvan remotely from United States and his ability to communicate was very strong. Razvan articulated his ideas clearly and provided multiple solutions for problems we encountered. He was organized in his work and questioned whenever necessary to clarify business needs. His ability to understand client needs and provide creative solutions - makes him an excellent resource to have on the team.

– Vivek Ramasamy, Product Manager at Community Brands (at the time)
